Supplemental Type Certificate

Number SA09632AC

ST1920AC-A
RAO -150

This Certificate issued to MT-Propeller Entwicklung GmbH
Flugplatzstr. 1
94348 Atting, GERMANY

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product Type Certificate Number: A12SO

Make: Commander

Model: 114; 114A; 114B

Description of Type Design Change: Installation of the hydraulically controlled variable pitch 3-blade MTV-9-B/190-18b propeller in accordance with installation instruction No. E-551-E dated July 19, 2002, or later FAA approved revision. FAA approved Airplane Flight Manual Supplement, E-842-E, dated September 29, 2004, or later approved revision is required.

Limitations and Conditions: Compatibility of this design change with previously approved modifications must be determined by the installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 28, 2002

Date reissued :

Date of issuance: October 4, 2004

Date amended:

By direction of the Administrator
